Assignment 1: Basic SQL

Name: Arnav Singhal

MIS: 612203012

Div: 1; **Batch**: T1

Statement: Write the simple SQL queries on the given schema.

A. Write the following simple SQL Queries on the University Schema.

- Find the names of all the students whose total credits are greater than 100 .

  Query:

  ```
  SELECT name FROM student WHERE tot_cred > 100;
  ```

  Output:

  ```
  +--------+
  | name   |
  +--------+
  | Zhang  |
  | Chavez |
  | Tanaka |
  +--------+
  ```

- Find the course id and grades of all courses taken by any student named 'Tanaka'.

  Query:

  ```
  SELECT course_id, grade
  FROM takes
  WHERE id IN
  (
   SELECT id
   FROM student
   WHERE name = 'Tanaka'
  );
  ```

Output:

```
+-----------+-------+
| course_id | grade |
+-----------+-------+
| BIO-101   | A     |
| BIO-301   | NULL  |
+-----------+-------+
```

- Find the courses which are offered in both 'Fall' and 'Spring' semester (not necessarily in the same year).

  Query:

```
SELECT course_id
FROM section
WHERE semester = 'Fall' AND course_id IN
(
 SELECT course_id
 FROM section
 WHERE semester = 'Spring'
);
```

  Output:

```
+-----------+
| course_id |
+-----------+
| CS-101    |
+-----------+
```

- Find the names of all the instructors from Comp. Sci. department.

  Query:

```
SELECT name
FROM instructor
WHERE dept_name = "Comp. Sci.";
```

Output:

```
+------------+
| name       |
+------------+
| Srinivasan |
| Katz       |
| Brandt     |
+------------+
```

- Find the course id and titles of all courses taught by an instructor named 'Srinivasan'

  Query:

```
SELECT course_id, title
FROM course
WHERE course_id IN
(
 SELECT course_id
 FROM teaches
 WHERE id IN
 (
 SELECT id
 FROM instructor
 WHERE name = 'Srinivasan'
 )
);
```

  Output:

```
+-----------+----------------------------+
| course_id | title                      |
+-----------+----------------------------+
| CS-101    | Intro. to Computer Science |
| CS-315    | Robotics                   |
| CS-347    | Database System Concepts   |
+-----------+----------------------------+
```

- Find the names of instructors who have taught at least one course in Spring 2009.

  Query:

  ```
  SELECT name
  FROM instructor
  WHERE id IN
  (
   SELECT id
   FROM teaches
   WHERE semester = 'Spring' AND year = 2009
  );
  ```

  Output:

  ```
  +--------+
  | name   |
  +--------+
  | Brandt |
  | Kim    |
  +--------+
  ```

B. Create the Railway schema using the commands in the Railway DDL script; The DDL script also contains a description of the railway Schema. Insert sample data using the command in the file SampleRailwayData.

Write the following Queries for Railway Schema.

- Find pairs of stations (station codes) that have a track (direct connection) with distance less than 20Kms between them.

  Query:

  ```
  SELECT stcode1, stcode2
  FROM track
  WHERE distance < 20;
  ```

  Output:

  ```
  +---------+---------+
  | stcode1 | stcode2 |
  +---------+---------+
  | BYC     | DR      |
  | BYC     | KRL     |
  | CST     | BYC     |
  | CST     | DR      |
  | CST     | KRL     |
  | GRP     | TNA     |
  +---------+---------+
  ```

- Find the IDs of all the trains which have a stop at THANE

  Query:

  ```
  SELECT id
  FROM trainhalts
  WHERE stcode IN
  (
   SELECT stcode
   FROM station
  ```

```
 WHERE name = 'THANE'
);
```

Output:

```
+------+
| id   |
+------+
| A65  |
| KP11 |
+------+
```

- Find the names of all trains that start at MUMBAI.

  Query:

```
SELECT name
FROM train
WHERE id IN
(
 SELECT id
 FROM trainhalts
 WHERE seqno = 0 AND stcode IN
 (
 SELECT stcode
 FROM station
 WHERE name = 'MUMBAI'
 )
);
```

  Output:

```
+---------------+
| name          |
+---------------+
| CST-AMR_LOCAL |
| CST-KYN       |
+---------------+
```

- List all the stations in order of visit by the train 'CST-AMR_LOCAL'.

  Query:

```
SELECT name
FROM station
WHERE stcode IN
(
 SELECT stcode
 FROM trainhalts
 WHERE id IN
 (
 SELECT id
 FROM train
 WHERE name = 'CST-AMR_LOCAL'
 )
 ORDER BY seqno
);
```

  Output:

```
+-----------+
| name      |
+-----------+
| MUMBAI    |
| BYCULLA   |
| DADAR     |
| KURLA     |
| GHATKOPAR |
| THANE     |
| DOMBIVALI |
| KALYAN    |
| AMBARNATH |
+-----------+
```
